OVERVIEW

The Beaumont Victorian 4 is one of our most popular designs. Sometimes known as the “school radiator,” its design and production in the 19th and 20th centuries endured for decades. The Victorian 4 is suited to a variety of property designs and interior settings.

All Beaumont cast iron radiators are carefully hand-built to your own required BTUs and fully assembled, ready for plumbing into your new or existing pipework.

The Victorian 4 can be finished in a variety of colours–metallic, Farrow & Ball range, RAL colours or primed for on-site painting.

Because each radiator section is hand cast, there may be a slight variation in the length of each radiator once built (end bush to end bush), please allow for this in your pipework fitting.

DEPTH OF SECTION FROM SKIRTING BOARD = 70MM(RA4460/RA4660/RA4760)
80MM (RA4810
SECTION WIDTH = 61MM
SECTIONWEIGHT = 3.8KG (RA4460) 5.6KG (RA4660) 6.6KG (RA4760) 8KG (RA4810)
