* 19 & 20 Section radiators are supplied in two parts for onsite assembly - refundable tool required

OVERVIEW

The Victorian 3 cast iron radiator will blend with either traditional or contemporary settings whilst providing outstanding heat outputs. This radiator is available in two heights 450mm and 745mm.

All Beaumont cast iron radiators are carefully hand built to your own required BTUs and fully assembled ready for plumbing into your new or existing pipework.

The Victorian 3 can be finished in a variety of colours – metallic, Farrow & Ball range, RAL colours or primed for onsite painting.

Because each radiator section is hand cast there may be a slight variation in the length of each radiator once built (end bush to end bush), please allow for this in your pipework fitting.

DEPTH OF SECTION FROM SKIRTING BOARD = 60MM
SECTION WIDTH = 62MM
SECTION WEIGHT = 3.6KG (RA450) 5.2KG (RA745)
